

Amendment to the Event Management Guidelines: Requirements for Over/Under Events

Sponsors: Dan Freshman (IFC President), Steven Wald (IFC VP Judicial), Harry Shore (Kappa Delta Rho), Sean Donegan (Alpha Gamma Rho), Michael McLaughlin (Delta Phi), Chris Sanders (Sigma Chi), Mickey Katz (Alpha Epsilon Pi)

Whereas the Interfraternity Council recognizes the need to protect the safety and wellbeing of Greeks and visitors of Greek facilities,

Whereas we recognize that these needs come most critically in regard to alcohol safety and risk management,

Whereas the leaders of the Greek community have accepted the challenges set forth by the fall 2010 revisions to the University Recognition Policy,

Whereas the Greek community acknowledges that a revised, but balanced and accountable system is needed in place of its current regulations,

Whereas the Greek community retains faith in its Event Management Guidelines and in its ability to host safe, compliant and responsible events,

Be it therefore resolved that the following criteria be added to the Event Management Guidelines (indicated in **bold**):

3. Additional Requirements for Registering 250 Over/Under Events:

a. Events are expected to be registered with the OFSA one (1) week prior to the event. This deadline allows for all registration requirements to be checked and allows time for forms to be resubmitted if necessary. Approval may be given on a case-by-case basis for registrations submitted past this deadline.

b. Chapters are allowed to register a maximum of two (2) 250 Over/Under Events per semester.

c. A minimum of 2 (and a recommendation of 3) security professionals are required at all Non-Catered Invites. These professionals must be fully bonded and employed by a service company authorized by the IFC. See Section 2.4.D of the Event Management Guidelines for a list of authorized vendors. Chapters can petition the Interfraternity Council if it wishes to employ security professionals from an organization not listed in 2.4.D. The security professionals hired will be under an

agreement to uphold the event management guidelines, and will notify the Interfraternity Council if this is not the case.

d. At least one security guard will be placed at the entrance of the event facility. Such professional will be responsible for checking two forms of identification for all entrants. Entrants who are over the age of 21 may receive a bracelet from the professional. Any other individual is prohibited from performing either of these tasks at a 250 Over/Under Event.

e. At least one security guard will be placed by the facility's service distribution center. That individual will be responsible for checking that only guests with the designated bracelet can be served at this service distribution center.

f. Security professionals reserve the right to remove any guest from the event who is seen consuming alcohol but does not have a designated bracelet. They also reserve the right to recommend to the Social Responsibility Committee Inspector that the event be shut down.

g. Bracelets will be provided through the Interfraternity Council and must be picked up prior to the social event. No other form of demarcation can be used in its place.

h. Each bracelet must have the registrant organization's name or Greek letters inscribed on the surface in a legible manner.

i. The Social Responsibility Committee Inspector reserves the right to shut down any 250 Over/Under Event and recommend the chapter to the Greek Judicial Board if the hired security professionals report that the chapter failed to uphold any requirements set forth in the Event Management Guidelines.

j. Chapters found to violate additional requirements 2.4.B.3c-e (inclusive, above) may be recommended for an 8-week social probation and \$1000 fine.

Additional Requirements for 150 Over/Under Events

a. All additional requirements from 2.4.B.c-e (above) also apply to Closed (150)

Over/Under Events.
